Therefore, it can be considered that technology will continue to have an impact on inflation, and we have no reason to believe that this trend will reverse any time soon. Sometimes funny, often poignant, always real, these are books where the writing is at the forefront. Yet criticism of territory-based urban policies stresses the fact that these policies mainly displace problems from one area to another with no real motivation to contribute to the overall improvement of the social situation of the wider territory: the city, the urban region or the country.
